

February 12, 2021

Dear Whittemore Street Owner or Neighbor:

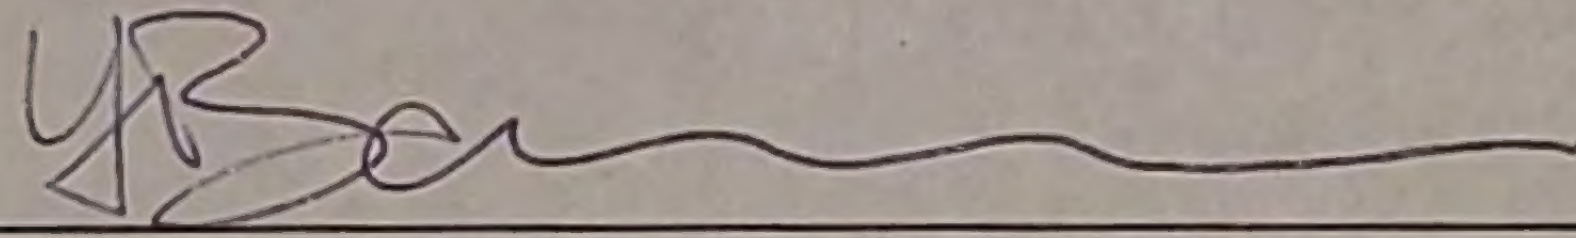

I own 26-28 Whittemore Street, on behalf of the occupants of my home I petitioned the Town of Arlington to allow residents of Whittemore Street to be exempt from the 4-hour parking restriction.

The 4-hour restriction was to deter folks from leaving their cars on our street all day to utilize either the Bike Path or Public Transportation. As I think this is extremely useful for the residents of the street who frequently could not find on street parking during the day, it has become a burden to my tenants who live there and have a small tandem driveway like many of you do. They find themselves having to run out and move their cars or have been getting tickets.

The Parking Officer suggested that I approach the Town about an exemption, there is a hearing this Wednesday regarding this and they asked that I get the support of the neighborhood. If you support this exemption, please sign below and either drop off in the mailbox at 28 Whittemore Street or scan and e-mail to me at Lorettamosca94@gmail.com.
